RE: GENERAL INDUSTRIES ARARS

Mr. Joseph Fredle U.S. EPA Region 5 25089 Center Ridge Road Westlake, OH 44145

Dear Mr. Fredle:

This tetter is in response to your January 27, 2009 request to Ohio EPA for Applicable or Relevant and Appropriate Requirements (ARARs) for a potential time-critical removal action at the former General Industries facility, located in Lorain County at 154 Olive Street, Elyria, Ohio. I have solicited representatives from the divisions involved with this project in order to develop the attached list of State and local regulations relevant to any remedial activities planned for this facility.

We appreciate the close coordination on this project between your office and NEDO since the July 3, 2008 fire at the facility, and look forward to the opportunity to review and comment upon any potential work plans, once they have been developed.

Sincerely yours,

Robert T. Princic, Jr. Environmental Supervisor Division of Air Pollution Control

Robert Human p
